Thurbo-charged through the border triangle

Mobility without borders

Lake Constance and the Alpstein region around Mt Säntis are key links in numerous routes. And the hourly RegioExpress train, popularly known as the "Bodensee Express" is the perfect way to connect these links. The journey between Konstanz and St. Gallen takes just 35 minutes, from Konstanz to Herisau 45 minutes. Along the way, the Bodensee Express makes stops at St.Gallen, Romanshorn and Kreuzlingen Hafen. It's a quick, relaxing way to avoid traffic jams and hop between towns.

The cross-border S7 rolls along the southern shores of Lake Constance: Romanshorn – Rorschach – Bregenz – Lindau. The S7 is also trialling a direct two-hourly service at the weekends between Romanshorn and Lindau-Reutin. This commuter line is also a great convenience for leisure trips. Just step in, set off, and enjoy the views from the huge panoramic windows. One of the most fun ways to travel!
